Dear Mr. Jacobs,

I want to thank you for finding these funds for me. I was shocked that they even existed, considering the amount of work I have done with the Santa Clara Health Department. You and your staff was very patient with my skepticism and Allie Vaine (your employee) did great job allaying my fears.

Once I gave you the authorization, everything flowed seamlessly. Your work on my behalf was very much appreciated.

Sincere thanks,

Reginald Swilley
